HISTORY OF THE COLLEGE

"The aim of education is not the acquisition of information, although important, or acquisition of technical skills, though essentials in modern society, but the development of that bent of mind, that attitude of democracy which will make us responsible citizens." Dr. S. Radhakrishnan

Our college Santal Bidroha Sardha Satabarshiki Mahavidyalaya reminds us about the great historical event of Santal Revolt which took place in 1855. The college is fittingly named after the revolt and was established in 2005. It is situated at Goaltore in the district of Paschim Medinipur, a place which is mainly inhabited by SC, ST and other Backward Class people. The college caters to the need of education and enlightenment to the students of the vast adjoining locality. The spontaneous donation and cooperation of the local people, the grants from the MLA, MP, Government of West Bengal and the very dynamic leadership of the Chairman, Center for Advancement of Higher Education, Midnapore have helped in the development of the college. At present the college offers 14 Honours and 19 General courses of study including seven well equipped laboratories. Many subjects have been introduced within a short span of ten years. Our achievement has really been incredible.

The college is affiliated to Vidyasagar University since its inception. From the very beginning the institution is trying to render qualitative education and arouse consciousness among the students in all spheres of life through different academic and co-curricular activities. The college has four units of National Service Scheme (NSS) running in full swing. It is worth mentioning that students of this college regularly represent Vidyasagar University at the State Level, Zonal and National Competitions with success. Goaltore is the headquarter of Garhbeta Block-II in Paschim Medinipur district of West Bengal. It is surrounded with all sides by abundant beauties of nature. The latitude in this area is 22°42'33'' N, longitude is 87°10'18''E, and altitude is 234 Feet. The dense forests, the rivulet, the green vegetation, the fascinating sights and sounds of nature really transport the inhabitants of the world of Utopia. Goaltore is like a capital of numerous villages within the radius of 20kms. Besides the college, Goaltore can boast of two High Schools (H.S.), B.D.O. office, a Block Health Centre, and three nationalized banks, two forest range offices, CRPF office and a few Govt. offices as well as a Police Station. What make Goaltore easily accessible are its communication facilities. It is like a junction where different roads are connected from distant places. There is a road that connects Sarenga from Chandrakona

Road via Goaltor. Buses on long routes are abundant. Trekkers are available in plenty connect the remote village even through impenetrable forests. As inevitable consequences of the same, students by and large, have become commuters and act against their higher studies at minimal expenses. To facilitate easy access to the college some link roads have been made and in course of time they have been transformed into bitumen roads. The main roads connecting Goaltore with Sarenga, Chandrakona Road and Midnapore have been broadened to evade hazards and congestion.

FROM THE DESK OF THE PRINCIPAL

Imparting quality education among all corners of the society is the prime objective of our college. The goal of the institution is:

- To impart quality based higher education.
- To aim to develop an evaluation system which will actually be a system that how much knowledge has been transferred to the students rather how much ability has been created within them to attend question papers.
- To develop responsible and sensitive youths from diverse cultural, linguistic and religious groups and inculcate social commitments by imparting a panoramic view of the society.
- To lay emphasis on value based education to create human resources with modern view and to the needs foresight who can contribute to the national development by way of catering of the economy, society and the country as a whole.
- To create accountability within to ensure accountability to the society at large.
- To inculcate a sense of responsibility to self and society.
- Application and implementation of every goal and objective would strike the right balance between aims and achievements. Combining competency with conscience and technology with tradition resulting in multi-dimensional growth can be achieved through various quality enhancement measures. The goals and objectives of the institution would be implemented and applied on such a way that they would remove the shortfalls while enhancing quality.

Dr. Mantu Kumar Das

Principal

Our Vision:

Our vision is to transform our college into a centre of excellence in the arena of higher education and contribute to the inclusive development of the country by generating quality human resources. The college aims at the all round development of the young learners and hopes to mould them into young citizens of the nation who are dependable, honest, committed and possess a sound value system, always ready to sacrifice personal benefits. The college is fully concerned with educating not only the registered student but his/her whole family within its scope. With this in mind, Santal Bidroha Sardha Satabarshiki Mahavidyalaya aims at imparting an education that not only propels the students up the career ladder, but also empowers rural people including women and makes them independent and successful citizens.

Our Mission:

- i. To follow up its glorious tradition of excellent academic performances, inclusive growth as well as quality assurances with equal opportunities.
- ii. To increase female participation in the field of higher education as a part of the legacy of this town.
- iii. To provide access to higher education to a greater number of students particularly from the weaker sections, irrespective of religion, caste or creed.
- iv. To impart quality based higher education with a view to acquiring knowledge and developing skills among the students to generate new vistas of resources for the country.
- v. To develop knowledge of liberal arts, basic sciences, biological sciences, social sciences, physical education and other multi-disciplinary courses of modern relevance.
- vi. To develop a responsible, sensitive youth force who have social commitments for the greater section of society at large.
- vii. To lay emphasis on value education so that the students would become worthy citizens with noble ideals of serving their country.
- viii. To promote analytical and empirical research in basic and social sciences, and humanities with special emphasis on the needs and problems of the allied areas.
- ix. To ensure accountability towards the society.
- x. To build up a general environmental awareness and a community feeling for the locality at the micro level along with the current ecological consciousness on the global issues at the macro level.

The missions, visions and objectives of the college are communicated to the stakeholders through the regularly updated college website. College administration headed by the Principal through meetings with the students, staff and other stakeholders (Seasonal Address of Principal as well as Teachers' Council, Non-Teaching Staff Association, Students' Union, Parents, Alumni etc.) communicates such missions and visions to them. Newly admitted students are apprised by their teachers of these visions, missions and objectives during the Freshers' welcome ceremony. Display boards positioned at strategic locations inside the campus also provide easy access for any entrant, to important messages on a daily basis. In special occasions and cultural programmes, the visions and missions of the college are also rearticulated by the Principal for recollection of everyone.
